1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions pertain to the primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the CoC, including, but not limited to, the following types of activities: setting agendas for full Continuum of Care meetings, project monitoring, determining project priorities, and providing final approval for the CoC application submission. This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Rural Oregon Continuum of Care (ROCC)
Steering Committee

Indicate the frequency of group meetings: Monthly or more

Indicate the legal status of the group: Not a legally recognized organization

Specify "other" legal status:

Specify "other" process(es):

Briefly describe the selection process including why this process was established and how it works.

The Oregon Balance of State has completely changed the way they do business, based on the fact that new projects were not funded last year. Oregon Housing and Community Services took the lead and invited a variety of agencies and organizations to participate on a new steering committee. The members are volunteers for this first year. The committee includes state and local agencies such as the Oregon Housing Opportunities for Persons Living with Aids (OHOP), Veterans Dept., Education Dept., Department of Human Services, and Dept. of Corrections. There are representatives from state wide and local non-profits, such as the Oregon Food Bank, Public Housing Authorities, as well as community action agencies and other non-profits. The rating and ranking process was designed around the 5 categories that are outlined in the 2008 NOFA including the same amount of points for each category, with some minor adjustments. Applicants were required to submit the rating and ranking pre-application along with their Exhibit 2 and their most current Annual Progress Report. Scoring was done by 4 individuals who lead other Continuums in the state. The Committee then made final decisions based on the scoring that led to a decision not to fund several under performing projects and replace them with new projects in areas where need was demonstrated. As the new steering committee works through this first application round, they will begin to make their own decisions about by-laws and elections, etc. The intent is to have a steering committee that truly represents a continuum at the state level that will foster and mentor more involvement from local continuums in the rural areas of Oregon.

*** Indicate the selection process of group leaders:

Elected:	<input type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input checked="" type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

If HUD could provide administrative funds to the CoC, would the primary decision-making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as the grantee, providing project oversight, and monitoring? Explain.

There has been some discussion with various members of the steering committee to have the committee file for a 501C 3 status, which would then become the legal entity for the Rural Oregon Balance of State. If enough administrative funds are provided, a staff person could be hired to coordinate the CoC application.

1E. Continuum of Care (CoC) Project Review and Selection Process

The CoC should solicit and select projects in a fair and impartial manner. For each of the following sections, select the appropriate items that indicate all of the methods and processes the CoC used in the past year to assess all new and renewal projects performance, effectiveness, and quality.

Open Solicitation Methods:
(select all that apply)

a. Newspapers, b. Letters/Emails to CoC Membership, c. Responsive to Public Inquiries, d. Outreach to Faith-Based Groups, e. Announcements at CoC Meetings, f. Announcements at Other Meetings

Rating and Performance Assessment Measure(s):
(select all that apply)

a. CoC Rating & Review Committee Exists, b. Review CoC Monitoring Findings, c. Review HUD Monitoring Findings, d. Review Independent Audit, e. Review HUD APR for Performance Results, f. Review Unexecuted Grants, g. Site Visit(s), h. Survey Clients, i. Evaluate Project Readiness, j. Assess Spending (fast or slow), k. Assess Cost Effectiveness, l. Assess Provider Organization Experience, m. Assess Provider Organization Capacity, n. Evaluate Project Presentation, o. Review CoC Membership Involvement, p. Review Match, q. Review All Leveraging Letters (to ensure that they meet HUD requirements), r. Review HMIS participation status

Voting/Decision Method(s):
(select all that apply)

a. Unbiased Panel/Review Committee, b. Consumer Representative Has a Vote, e. Consensus (general agreement), f. Voting Members Abstain if Conflict of Interest

1F. Continuum of Care (CoC) Housing Inventory--Change in Beds Available

For each housing type, indicate if there was an increase or reduction in the total number of beds in the 2008 electronic Housing Inventory Chart (e-HIC) as compared to the 2007 Housing Inventory Chart. If there was a change, please describe the reasons in the space provided for each housing type.

Emergency Shelter: Yes

Briefly describe the reasons for the change:

The Continuum is doing a better job of counting, especially now that they are going out and doing street counts. The economy and un-employment rate are also contributing to the increase.

Safe Haven Bed: Yes

Briefly describe the reasons for the change:

Safe Haven beds were not counted last time.

Transitional Housing: Yes

Briefly describe the reasons for the change:

There was a slight decrease of 4 which is not a significant amount.

Permanent Housing: Yes

Briefly describe the reasons for the change, including changes in beds designated for chronically homeless persons:

New projects under development are included. We have a significant increase in the number of beds that are designated for chronically homeless because more projects are focusing on identifying and developing more beds for chronically homeless.

CoC certifies that all beds for homeless persons are listed in the e-HIC regardless of HMIS participation and HUD funding: Yes

1H. Continuum of Care (CoC) Housing Inventory Chart (HIC) - Data Sources and Methods

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Complete the following information based on data collection methods and reporting for the electronic Housing Inventory Chart (e-HIC), including Unmet need determination. The date on which the bed inventory was completed should be one day during the last ten days of January 2008.

Indicate the date on which the housing inventory count was completed: 01/22/2008
(mm/dd/yyyy)

Indicate the type of data or methods used to complete the housing inventory count: Housing inventory survey
(select all that apply)

Indicate the steps taken to ensure data accuracy for the Housing Inventory Chart: Instructions, Updated prior housing inventory information, Follow-up, Confirmation
(select all that apply)

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: Unsheltered count
(select all that apply)

Specify "other" data types:

If more than one method was selected, describe how these methods were used.

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

CoCs should complete the following information in conjunction with the HMIS Lead Agency. All information is to be as of the date this application is submitted.

Select the HMIS implementation type: Regional (multiple CoCs)

**Select the CoC(s) covered by the HMIS:
(select all that apply)** OR-500 - Eugene/Springfield/Lane County CoC,
OR-502 - Medford/Ashland/Jackson County CoC,
OR-503 - Central Oregon CoC, OR-504 -
Salem/Marion, Polk Counties CoC, OR-505 -
Oregon Balance of State CoC

**Does the CoC Lead Organization have a
written agreement with HMIS Lead
Organization?** No

If yes, the agreement (e.g., contract, Memorandum of Understanding, etc.) must be submitted with the application.

**Is the HMIS Lead Organization the same as
CoC Lead Organization?** Yes

**Has the CoC selected an HMIS software
product?** Yes

If "No" select reason:

If "Yes" list the name of the product: OPUS

**What is the name of the HMIS software
company?** Oregon Housing & Community Services

**Does the CoC plan to change HMIS software
within the next 18 months?** No

**Is this an actual or anticipated HMIS data
entry start date?** Actual Data Entry Start Date

**Indicate the date on which HMIS data entry
started (or will start):
(format mm/dd/yyyy)** 03/01/2005

**Indicate the challenges and barriers
impacting the HMIS implementation:
(select all the apply):** Inadequate staffing, Inadequate resources, No or
low participation of SHP funded providers,
Inadequate ongoing user training and/or users
groups, No CoC formal data quality plan

**If "None" was selected, briefly describe why CoC had no challenges or
how all barriers were overcome:**

Briefly describe the CoC's plans to overcome challenges and barriers:

OHCS is continually working with project sponsors to educate and improve data input into the state-wide HMIS. With the current HMIS grant, training and education in the field is the main focus to ensure that all providers are knowledgeable about the HMIS and understand the importance and relevance of data collection as they work with clients. In addition, the new rating and ranking procedure used by the Balance of State Steering Committee has raised significant awareness with the partners to show how important it is to use the HMIS to ensure that performance is being measured appropriately.

Confirm E-mail Address: rainy.gauvain@hcs.state.or.us

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For each housing type, indicate the percentage of the CoC's total beds (bed coverage) in the HMIS.

* Emergency Shelter (ES) Beds	0-50%
* Safe Haven (SH) Beds	0-50%
* Transitional Housing (TH) Beds	0-50%
* Permanent Housing (PH) Beds	0-50%

How often does the CoC review or assess its HMIS bed coverage? Annually

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

OHCS has modules coming on line with OPUS (the state in-house HMIS) in the next 12 months that will better capture data for emergency shelters, non CoC housing and permanent housing through Oregon's new Housing Plus program as well as all transitional housing through TBA.

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

Where the collection of Social Security Numbers is not authorized by law, failure to collect this data element will not competitively disadvantage an application. Additionally, in lieu of the actual SSN, the response categories of "Don't Know" and "Refused" are considered valid response categories, per the HMIS Data and Technical Standards.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2008.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	0%	11%
* Date of Birth	0%	0%
* Ethnicity	3%	0%
* Race	3%	0%
* Gender	0%	0%
* Veteran Status	0%	0%
* Disabling Condition	0%	0%
* Residence Prior to Program Entry	0%	19%
* Zip Code of Last Permanent Address	0%	17%
* Name	0%	0%

Did the CoC or subset of the CoC participate in AHAR 3? No

Did the CoC or subset of the CoC participate in AHAR 4? No

How frequently does the CoC review the quality of client level data? Semi-annually

How frequently does the CoC review the quality of program level data? Semi-annually

Describe the process, extent of assistance, and tools used to improve data quality for participating agencies.

OHCS periodically pulls the necessary data elements and reviews for completeness and then contacts the sub-agencies if large discrepancies are discovered.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS.

When setting up a program in OPUS the valid date ranges are specified. OPUS enforces compliance with the date ranges which ensures that valid entry and exit dates are recorded. Error messages are generated if attempting to violate the specified dates.

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC uses each of the following items:

Data integration/data warehousing to generate unduplicated counts:	Monthly
Use of HMIS for point-in-time count of sheltered persons:	Annually
Use of HMIS for point-in-time count of unsheltered persons:	Annually
Use of HMIS for performance assessment:	Annually
Use of HMIS for program management:	Annually
Integration of HMIS data with mainstream system:	Monthly

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead completes a compliance assessment for each of the following standards:

* Unique user name and password	Monthly
* Secure location for equipment	Monthly
* Locking screen savers	Annually
* Virus protection with auto update	Monthly
* Individual or network firewalls	Monthly
* Restrictions on access to HMIS via public forums	Monthly
* Compliance with HMIS Policy and Procedures manual	Annually
* Validation of off-site storage of HMIS data	Monthly

How often does the CoC assess compliance with HMIS Data and Technical Standards? Monthly

How often does the CoC aggregate data to a central location (HMIS database or analytical database)? Monthly

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 08/01/2008

If 'No' indicate when development of manual will be completed:

2H. Homeless Management Information System (HMIS) Training

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead offers each of the following training activities:

Privacy/Ethics training	Annually
Data Security training	Annually
Data Quality training	Annually
Using HMIS data locally	Annually
Using HMIS data for assessing program performance	Annually
Basic computer skills training	Annually
HMIS software training	Annually

2I. Continuum of Care (CoC) Point-in-Time Homeless Population

Instructions:

This section must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations on a single night. HUD requires CoCs to conduct a point-in-time count at least every two years during the last 10 days of January - January 22nd to 31st - and requests that CoCs conduct a count annually if resources allow. The last required count was in January 2007. Data entered in this chart must reflect a point-in-time count that took place during the last 10 days of January in 2007 or 2008, unless a waiver was received by HUD.

There are six (6) categories of homeless populations on this form. They are:

Households with Dependent Children - Sheltered Emergency
Households with Dependent Children - Sheltered Transitional
Households with Dependent Children - Unsheltered

Households without Dependent Children - Sheltered Emergency
Households without Dependent Children - Sheltered Transitional
Households without Dependent Children - Unsheltered

For each category, the number of households must be less than or equal to the number of persons. For example, in Households with Dependent Children - Sheltered Emergency, the number entered for ?Number of Households? must be less than or equal to the number entered for ?Number of Persons (adults with children).?

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the date of the last PIT count: 01/22/2008

For each homeless population category, the number of households must be less than or equal to the number of persons.

		Households with Dependent Children			
		Sheltered	Unsheltered		Total
		Emergency	Transitional		
Number of Households	209	449	617	1,275	
Number of Persons (adults and children)	642	1,389	1,992	4,023	
		Households without Dependent Children			
		Sheltered	Unsheltered		Total
		Emergency	Transitional		
Number of Households	1,369	833	1,440	3,642	
Number of Persons (adults and unaccompanied youth)	1,393	865	1,582	3,840	
		All Households/ All Persons			
		Sheltered	Unsheltered		Total
		Emergency	Transitional		
Total Households	1,578	1,282	2,057	4,917	

Oregon Balance of State CoC			COC_REG_v10_000195	
Total Persons	2,035	2,254	3,574	7,863

2J. Continuum of Care (CoC) Point-in-Time Homeless Subpopulations

Instructions:

Enter the number of sheltered and unsheltered adults who belong in each subpopulation category. As in the Homeless Populations chart, this chart must be completed using data from a point-in-time count conducted during the last ten days of January 2007 or January 2008. Only adults should be included in the counts for this chart, except for the Unaccompanied Youth (those under age 18) category. Subpopulation data is required for sheltered persons and optional for unsheltered persons, with the exception of Chronically Homeless.

Complete the following information for the most recent point-in-time (PIT) count conducted using statistically reliable, unduplicated counts or estimates of homeless persons. Completion of the "Unsheltered" column is optional for all subpopulations, except for Chronically Homeless.

	Sheltered	Unsheltered	Total
* Chronically Homeless (Federal definition)	629	435	1,064
* Severely Mentally Ill	294	200	494
* Chronic Substance Abuse	317	217	534
* Veterans	102	65	167
* Persons with HIV/AIDS	0	0	0
* Victims of Domestic Violence	114	33	147
* Unaccompanied Youth (under 18)	89	142	231

2K. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Separately calculate and enter the percentage of emergency shelter and transitional housing providers that provided data for the Homeless Population and Subpopulation charts. For example, if 9 out of 12 transitional housing programs provided point-in-time data, enter 75%. If all providers for a program type contributed data, enter 100%.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Annually (every year); Biennially (every other year); Semi-annually (every six months)

How often will the CoC conduct a PIT count? Annually

Enter the date in which the CoC plans to conduct its next annual point-in-time count: 01/22/2008
(mm/dd/yyyy)

Indicate the percentage of providers supplying population and subpopulation data collected via survey, interview, and/or HMIS.

Emergency Shelter providers 90%

Transitional housing providers: 90%

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Methods

Instructions:

Survey Providers:

Providers counted the total number of clients residing in each program on the night designated as the point-in-time count.

HMIS:

The CoC used HMIS to complete the point-in-time sheltered count.

Extrapolation:

The CoC used extrapolation techniques to estimate the number and characteristics of sheltered homeless persons from data gathered at most emergency shelters and transitional housing programs.

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:

Describe how the sheltered population data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered count.

Given the economic crisis, the housing crisis and increased cost of living many more households are experiencing homelessness. There have not been any significant new shelters added to our inventory due to lack of increased funding for this population, and shelters have been full the last few years. The state of Oregon is also doing a better job at training providers and gathering data that has resulted in better statistics. Additionally, more local jurisdictions have undertaken an unsheltered street count.

2M. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation Data

Instructions:

HMIS:

Only HMIS used for subpopulation data on sheltered persons (no extrapolation for missing data).

HMIS plus extrapolation:

Extrapolation to account for missing HMIS data and HUD's extrapolation tool completed.

Sample of PIT interviews plus extrapolation:

Interviews conducted with a random or stratified sample of sheltered adults and unaccompanied youth and appropriate HUD extrapolation tool completed.

Interviews:

Interviews conducted with every person staying in an emergency shelter or transitional housing program on the night of the point-in-time count.

Non-HMIS client level information:

Providers used individual client records to provide subpopulation data for each sheltered adult and unaccompanied youth for the night of the point-in-time count.

Other:

CoC used a combination of methods.

For additional instructions, refer to the detailed instructions available on the left menu bar.

The CoC conducted interviews with every homeless person staying in an emergency shelter or transitional housing program on the night designated for the point-in-time count.

Describe how the sheltered subpopulation data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered subpopulation counts, particularly the chronically homeless count.

We are increasing our ability to conduct street counts while continuing to count those in shelter and those turned away.

If Other, specify:

Describe the non-HMIS de-duplication techniques (if Non-HMIS de-duplication was selected):

A single sheet of data is collected on each individual counted during the point in time count with the ability of the local providers to enter a unique ID for each individual to assure non-duplication. The count is also conducted on a single night during the year so that single individuals are not counted more than once if they cross jurisdictions from one night to the next.

20. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Public places count:

Count conducted based on observation of unsheltered persons without interviews

Public places count with interviews:

Interviewed either all unsheltered persons encountered during public places count or a sample

Service-based count:

Counted homeless persons using non-shelter services based on interviews.

HMIS:

HMIS used to collect, analyze or report data on unsheltered persons.

Instructions:

Complete coverage:

Every part of a specified geography (e.g. entire city, downtown area, etc.) is covered by enumerators.

Known locations:

Counting in areas where unsheltered homeless people are known to congregate or live.

Combination:

Conducting counts for every block in a portion of the jurisdiction (e.g. central city) AND conducting counts in other portions of the jurisdiction where unsheltered persons are known to live.

For additional instructions, refer to the detailed instructions available on the left menu bar.

If Other, specify:

Describe the techniques used to reduce duplication.

A single sheet of data is collected on each individual counted during the point in time count with the ability of the local providers to enter a unique ID for each individual to assure non-duplication. The count is also conducted on a single night during the year so that single individuals are not counted more than once if they cross jurisdictions from one night to the next.

Describe the CoCs efforts, including outreach plan, to reduce the number of unsheltered homeless households with dependent children.

The Rural Oregon Continuum of Care (ROCC), which is Oregon's Balance of State, is implementing efforts to reduce the numbers of homeless families with children. We are applying through this application for the new Rapid Re-Housing demonstration grant. We are hoping to develop a model that can be used statewide that would assist families with children in obtaining and maintaining permanent housing. The ROCC members have procedures in their local areas to partner with other agencies such as the Community Access for Resource Effectiveness program that works directly with local school teachers, administrators and parents. The ROCC members also partner with Domestic Violence Shelters such as Project Dove, the State Department of Human Services, Department of Corrections, local churches and local food banks and emergency shelters. Some agencies have referral forms that are given to the local partners to expedite the referral process and get families housed quickly. Another member in Lincoln County has developed 10 2-bedroom units to serve homeless families with children.

Describe the CoCs efforts to identify and engage persons routinely sleeping on the streets and other places not meant for human habitation. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the unsheltered population (especially the chronically homeless and families with children).

Throughout the 26 counties that are included in the ROCC, (Oregon's Balance of State) the members and their partners provide a variety of services and events that assist in identifying and engaging homeless individuals, including chronically homeless individuals and families. All ROCC members have close connections with other service agencies in their local areas such as churches, food banks, police departments, corrections, local school districts, Vocational Rehabilitation services, veteran's services, Oregon Department of Human Services' child welfare, senior and disability services and family services as well as employment agencies. The close working relationships of these agencies creates a broad network of outreach and referral to homeless individuals and families. Many ROCC members throughout the continuum are now doing "Project Connect" events and most members are now doing annual street counts, which also provides an opportunity to do out reach to those most out of the way places where homeless persons may tend to gather at. Some ROCC members' agencies have piloted a "free lunch" program that allows them to connect with homeless persons who would not otherwise be seen. Some of the agencies have Homeless Advocates, or case managers who go out to those areas not meant for human habitation and do out reach to any homeless persons they find. Case managers and Homeless Advocates also develop and maintain the relationships with referral agencies in order to provide the best outreach to hard to reach homeless persons. Some of the ROCC members work very closely with programs that are funded by the SAMSHA grant, which also provides outreach to homeless persons.

3B. Continuum of Care (CoC) Discharge Planning Protocols: Level of Development

Instructions:

Pursuant to the McKinney-Vento Act, to the maximum extent practicable, persons discharged from publicly funded institutions or systems of care should not be discharged into homelessness. For each system of care, the CoC should indicate the level of development for its discharge planning policy.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge Protocol: Formal Protocol Implemented

Health Care Discharge Protocol: No steps taken

Mental Health Discharge Protocol: Formal Protocol Implemented

Corrections Discharge Protocol: Protocol in Development

3C. Continuum of Care (CoC) Discharge Planning Protocols: Narratives

For each system of care describe the discharge planning protocol. For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

In 2003, the Oregon Legislature passed Senate Bill 808, that puts into statute Department of Human Services (DHS) policy requiring a plan for transition to independent living for each youth age 16 and older in DHS care and custody. The new statute requires the plan address the youth's needs and goals related to: Supportive Relationships/Community Connections, Housing, Education, Employment, and mental and physical Health. SB 808 requires the Juvenile Court/Citizen's Review Board review the plans to determine and make findings as to: 1) Whether the plan is adequate to ensure the child's successful transition to independent living, 2) Whether the department has offered appropriate services pursuant to the plan, 3) Whether the department has involved the youth in the development of the plan. Youths complete an optional Transition Readiness Index (T1) to help track a youth's progress and provide a "snap shot" at a particular point in time of a youth's readiness to transition to self sufficiency. Each youth completes the Comprehensive Transition Plan (T2) that not only meets the requirements of SB 808, but also incorporates other plans that a youth may be involved with, such as Individual Education Plans (IEP), Vocational Rehabilitation Plan, Workforce Investment Act, etc.

Health Care Discharge

For No Steps Taken, explain:

The Rural Oregon Continuum of Care (Oregon Balance of State) has made great strides in broadening out its membership to include a wide variety of local community partners. Local Health Care members will be invited to participate in future meetings to discuss how a discharge planning policy can be developed.

Mental Health Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

Mental Health Discharge Protocol:

Oregon statutes, 426.490 to 426.500, direct the state's efforts with respect to people discharged from state psychiatric institutions. It is declared to be the policy and intent of the Legislative Assembly that the State of Oregon shall assist in improving the quality of life of chronically mentally ill persons within this state by insuring the availability of an appropriate range of residential opportunities and related support services. Each chronically mentally ill person who is a patient at a state mental institution shall have a written discharge plan. A discharge plan means a written plan prepared jointly with the chronically mentally ill person, mental health staff and case manager prior to discharge, prescribing for the basic and special needs of the person upon release from the hospital.

Persons who have more significant barriers to community placement will often be assisted through the Extended Care Management Team. Persons who are under the jurisdiction of the Psychiatric Security Review Board would not be released to the community without housing arrangements.

The services to be provided are "subject to the availability of funds". Therefore, while the state must provide an array of community services and residential alternatives, it is only obligated to do so to the extent funding levels allow.

Correction Discharge

For Protocol in Development, indicate the collaborating agencies/partners, the estimated date of implementation, and a brief description of the protocol being developed.

In May 2007, the Governor of Oregon created the Re-entry Council. The Council consists of 21 members: directors from many state agencies, Senator Vicki Walker, Representative Kevin Cameron, representatives from the Oregon Association of Community Corrections Directors, the Oregon State Sheriffs Association, the Oregon District Attorneys Association, the Oregon Criminal Defense Lawyers Association, the Oregon Judicial Department, the Oregon Association of Chiefs of Police, and social service providers that concentrate on offenders transition. The Council is working collaboratively to identify and minimize the barriers that offenders find when transitioning out of incarceration. The Re-Entry Council will create an implementation plan for improvements in policy and practice.

Re-entry Steering Committee Recommendations for First Priorities include: Improve Post-Prison Employment Rate; Transitional Housing Available to Offenders Leaving Prison; One-Stop sites for Transition success; continuity of Medical and Mental Health Care. Stable, alcohol and drug-free housing is one of the highest priorities along with developing plans for more wrap-around services. The Director of Oregon Housing and Community Services is advocating for targeting the 2009-11 budget process to expand the Housing Plus definition to include the re-entry population.

3E. Continuum of Care (CoC) Coordination

CoCs should coordinate, as appropriate, with any existing strategic planning groups to assess the local homeless system and identify shortcomings and unmet needs. Answer the following questions regarding coordination in the CoC.

Does the CoC's Consolidated Plan include the CoC strategic plan goals to address homelessness and chronic homelessness? Yes

If yes, briefly list a few of the goals included in the Consolidated Plan:

The Balance of State Continuum of Care falls under the State of Oregon Consolidated Plan.

1. Support continuum of care concept in providing services
2. Acquire and rehab properties when feasible.

Outcome: 50% reduction in chronic homelessness over five years

Within the CoC's geographic area, is one or more jurisdictional 10-year plan(s) being developed or implemented (separate from the CoC 10-year plan)? Yes

Does the 10-year plan include the CoC strategic plan goals to address homelessness and chronic homelessness? Yes

If yes, briefly list a few of the goals included in the 10-year plan(s):

Encourage greater participation in local CoC and coordinate resources for prevention activities. Provide prevention assistance through a one door approach. Create more permanent affordable housing for homeless individuals. Decrease the number of homeless households with children. Increase percentage of homeless persons employed. Identify barriers to discharge planning in local institutions. Cultivate relationships with private landlords to rent to homeless families who are case managed. Increase Ready to Rent classes.

3F. Hold Harmless Need (HHN) Reallocation

Instructions:

CoC's that are in Hold Harmless Need status may choose to eliminate or reduce one or more of their SHP grants eligible for renewal in the 2008 CoC competition. CoC's may reallocate the funds made available through this process to create new permanent housing projects or HMIS. Reallocation projects may be SHP (1, 2, or 3 years), SPC (5 years) or Section 8 SRO (10 years). CoC's that are in Preliminary Pro Rate Need (PPRN) status are not eligible to reallocate projects. Reallocated funds cannot be used for Samaritan Housing project(s).

Refer to the NOFA for additional guidance on reallocating projects.

Is the CoC reallocating funds from one or more expiring renewal grant(s) to one or more new project(s)? No

CoC's that are in Preliminary Pro Rata Need (PPRN) status are not eligible to reallocate projects.

4A. Continuum of Care (CoC) 2007 Achievements

Instructions:

For the five HUD national objectives in the 2007 CoC application, enter the 12-month numeric achievements that you provided in Exhibit 1, Chart N of the 2007 CoC application in the first column, "Proposed 12-Month Achievement". Under "Actual 12-Month Achievement" enter the numeric achievement that you CoC attained within the past 12 months that is directly related to the relevant national objective.

Objective	Proposed 12-Month Achievement (number of beds or percentage)		Actual 12-Month Achievement (number of beds or percentage)	
Create new PH beds for CH	28	Beds	29	B e d s
Increase percentage of homeless persons staying in PH over 6 months to at least 71%	72	%	96	%
Increase percentage of homeless persons moving from TH to PH to at least 61.5%	51	%	55	%
Increase percentage of homeless persons employed at exit to at least 18%	31	%	28	%
Ensure that the CoC has a functional HMIS system	100	%	90	%

4B. Continuum of Care (CoC) Chronic Homeless Progress

Complete the following fields using data from the last point-in-time (PIT) count and housing inventory count. For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in your CoC for each year

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? No

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

Does the CoC systematically analyze the APRs for its projects to assess and improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

The Continuum's new steering committee used a new rating and ranking process this year that required each applicant to submit a copy of their most recent APR. Data from the APR was used to score each project for how income/self-sufficiency was increased. This new rating and ranking will be continued and discussions at monthly meetings will be focused on how well the partners are performing in this area and what types of services can be improved to assist homeless persons improve/increase access to mainstream programs. Training for the partners will also be looked at as a means to increase awareness of how to further improve access to mainstream programs.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? No

If "Yes", indicate all meeting dates in the past 12 months.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. Yes

If "Yes", specify the frequency of the training. Semi-annually

Does the CoC uses HMIS to screen for benefit eligibility? Yes

If "Yes", indicate for which mainstream programs HMIS completes screening.

Home Tenant Based Assistance
Energy Assistance programs

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

April 2008 at the annual Oregon Homeless Conference- A SOAR training was held.

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:	89%
Case managers assess clients benefit status at time of enrollment, and work with clients to ensure that they apply for and receive all benefits they are eligible for. Case managers are trained to assist with paperwork as necessary.	
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	100%
3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:	11%
Tenant Based Assistance Program and Case Management	
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	100%
4a. Describe the follow-up process:	
Follow-up is done on a routine basis, during subsequent case management meetings, interviews and telephone calls. Case managers check for verification that applications have been filled out and submitted for services, sometimes taking the client to an agency to submit applications.	

Questionnaire for HUD's Initiative on Removal of Regulatory Barriers (HUD 27300)

Complete Part A if the CoC Lead Agency is a local jurisdiction (a county exercising land use and building regulatory authority and another applicant type applying for projects located in such jurisdiction or county (collectively or jurisdiction)).

Complete Part B if the CoC Lead Agency is a State agency, department, or other applicant for projects located in unincorporated areas or areas otherwise not covered in Part A.

Indicate the section applicable to the CoC Lead Agency: Part B

Part B - Page 1

State Agencies and Departments or Other Applicants for Projects Located in Unincorporated Areas or Areas Otherwise Not Covered in Part A

1. Does your state, either in its planning and zoning enabling legislation or in any other legislation, require localities regulating development have a comprehensive plan with a "housing element?" If you select No, skip to question 4.	Yes
2. Does your state require that a local jurisdiction's comprehensive plan estimate current and anticipated housing needs, taking into account the anticipated growth of the region, for existing and future residents, including low, moderate, and middle income families, for at least the next five years?	Yes
3. Does your state's zoning enabling legislation require that a local jurisdiction's zoning ordinance have a) sufficient land use and density categories (multifamily housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped in these categories, that can permit the building of affordable housing that addresses the needs identified in the comprehensive plan?	Yes
4. Does your state have an agency or office that includes a specific mission to determine whether local governments have policies or procedures that are raising costs or otherwise discouraging affordable housing?	Yes
5. Does your state have a legal or administrative requirement that local governments undertake periodic self-evaluation of regulations and processes to assess their impact upon housing affordability address these barriers to affordability?	Yes
6. Does your state have a technical assistance or education program for local jurisdictions that includes assisting them in identifying regulatory barriers and in recommending strategies to local governments for their removal?	Yes
7. Does your state have specific enabling legislation for local impact fees? If No, skip to question 9.	No
8. If you responded Yes to question 7, does the state statute provide criteria that sets standards for the allowable type of capital investments that have a direct relationship between the fee and the development (nexus) and a method for fee calculation?	
9. Does your state provide significant financial assistance to local governments for housing, community development and/or transportation that includes funding prioritization or linking funding on the basis of local regulatory barrier removal activities?	Yes

Part B - Page 2

<p>10. Does your state have a mandatory state-wide building code that a) does not permit local technical amendments and b) uses a recent version (i.e. published within the last five years or, if no recent version has been published, the last version published) of one of the nationally recognized model building codes (i.e. the International Code Council (ICC), the Building Officials and Code Administrators International (BOCA), the Southern Building Code Congress International (SBCI) the International Conference of Building Officials (ICBO), the National Fire Protection Association (NFPA)) without significant technical amendment or modification? Alternatively, if the state has made significant technical amendment to the model code, can the state supply supporting data that the amendments do not negatively impact affordability?</p>	Yes
<p>11. Has your jurisdiction adopted specific building code language regarding housing rehabilitation that encourages such rehabilitation through graded regulatory requirements applicable as different levels of work are performed in existing buildings? Such code language increases regulatory requirements (the additional improvements required as a matter of regulatory policy) in proportion to the extent of rehabilitation that an owner/developer chooses to do on a voluntary basis. For further information see HUD publication: "Smart Codes in Your Community: A Guide to Building Rehabilitation Codes" at http://www.huduser.org/publications/destech/smartcodes.html.</p>	No
<p>12. Within the past five years has your state made any changes to its own processes or requirements to streamline or consolidate the state's own approval processes involving permits for water or wastewater, environmental review, or other State-administered permits or programs involving housing development. If yes, briefly describe.</p>	Yes
<p>Streamline onsite wastewater system rules, simplified applications, coordinated policies and made readily accessible, provided training automated permit drafting template. www.deq.state.or.us Governor's Executive Order (Regulating Streamlining) EO 03-01</p>	
<p>13. Within the past five years, has your state (i.e., Governor, legislature, planning department) directly or in partnership with major private or public stakeholders, convened or funded comprehensive studies, commissions, or panels to review state or local rules, regulations, development standards, and processes to assess their impact on the supply of affordable housing?</p>	Yes
<p>14. Within the past five years, has the state initiated major regulatory reforms either as a result of the above study or as a result of information identified in the barrier component of the states Consolidated Plan submitted to HUD? If yes, briefly describe.</p>	Yes
<p>Measures taken to streamline administration of building codes in Oregon have earned national recognition- honored in 2003 by NCSBCS with the Rowland Award for outstanding leadership and achievement in furthering effective and efficient administration of statewide building codes.</p>	
<p>15. Has the state undertaken any other actions regarding local jurisdiction's regulation of housing development including permitting, land use, building or subdivision regulations, or other related administrative procedures? If yes, briefly list these actions.</p>	Yes
<p>Allowing comprehensive plans to be developed by cities and counties to account for regional differences, but still abide by the 19 statewide planning goals and provide financial assistance to local government for streamlining of periodic review. Local governments are required by ORS 197 to update local comprehensive land use plans on a periodic basis (including housing elements)</p>	

Continuum of Care (CoC) Project Listing

Instructions:

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process may take several hours depending on the size of the CoC, however the CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To rank a project, click on the icon next to each project to view project details.

For additional instructions, refer to the 2008 Project Listing Instructions on the left-hand menu bar.
