Narratives

Executive Summary:

This grant application for approximately \$26.2 million would fund activities within portions of seven counties in

>Oregon, including Clackamas, Crook, Deschutes, Jefferson, Jackson, Marion and Washington Counties.

>Consortium members include the Oregon Housing and Community Services Department, Clackamas

>County, City of Bend, City of Salem, City of Medford and Washington County.

As a result of the competitive process, Oregon Housing and Community Services (OHCS) and its Consortium Members were awarded, \$6,829,635. The respective activities and budgets are listed above. The program will include three of the NSP eligible activities, A-Financing Mechanisms; B-Purchase Rehabilitation; E-Redevelopment. With a target of 104 housing units the goal is to provide 45 or 43% of the NSP assisted units to low income households. The remaining 59 units will be predominately Activity A assisted units serving the LMMI population. Another key goal is to acquire and rehabilitate at least 10 units for homeless persons. Finally, 26 units are slated for low income rental housing to be constructed in foreclosed subdivisions in southern Oregon.

Target Geography:

The Oregon Housing and Community Services (OHCS) and other Consortium members have prepared an

>evaluation of all census tracts within their jurisdiction and identified those tracts that scored highest against the two threshold criteria for the NSP2 program. These target area census tracts fall within Clackamas, Crook, Deschutes, Jefferson, Jackson, Marion, and Washington counties.

As background for the evaluation process used to select target areas, Oregon's unemployment rate was 12.0% in April 2009, the second highest in the country. The Oregon Office of Economic Analysis (OEA) forecasts employment losses to continue at a rate of 6.5% for the second quarter in 2009 and of 5.3% for the year on average. OEA reported that the year-over-year employment loss for the first quarter of 2009 was 4.5% whereas the year-over-year decline two quarters ago was only 0.4%. In early June 2009, the Federal Reserve Bank of San Francisco forecast unemployment in the country to continue to grow in coming months and to recede only gradually. Similarly, OEA analysis estimates statewide employment to continue to decline in 2009, followed by a weak start in 2010, and no appreciable job growth until the last half of 2010.

According to the Oregon Employment Department (OED), most industries have experienced job losses in the last year. Manufacturing and high-tech businesses in Oregon, including some of the state's most robust businesses such as Xerox, Tyco Electronics, Nike, Cessna, Harry & David, Intel, Sun Microsystems, Autodesk, Oregon Health Sciences University, Hewlett Packard, Merix, Qualcomm, Tektronics, Innovation, Freightliner, and Precision Castparts, announced layoffs in 2009. Manufacturing employment has undergone double digit job losses. Construction employment in Oregon has been cut by 1,600 jobs in the last year and retail employment by at least 1,100 jobs. Transportation, warehousing, and utilities have suffered a 12% job loss (about 600 jobs).

Not coincidentally Oregon is experiencing similarly high rates of foreclosures. In the first quarter of 2009, Oregon experienced a 31% increase in the number of homes in the foreclosure process, compared to just a 16% increase nationally according to the Mortgage Bankers Association. These dramatic increases indicate that Oregon's foreclosure issue is continuing to worsen in 2009.

The situation has, in many cases, been even more dire for the five regions in the state with identified NSP2 target areas than for the state as a whole. The NSP2 target areas included in this application have some of the greatest housing needs in the state.

In Clackamas County, bank card payments that were 60 or more days delinquent increased by 0.3% to 1.8% in the first quarter of 2009. The

average countywide foreclosure sales price has been about \$280,000; average sales prices have ranged from \$264,000 down to \$178,000 in the communities of Oregon City, Molalla, and Sandy, which include the target census tracts. Unemployment and loss of housing value have been staggering in the Central Oregon region of Deschutes, Crook, and Jefferson Counties, where nearly half of the targeted census tracts are located. Unemployment rates were 14.2% in Deschutes County, 15.0% in Jefferson County, and 17.8% in Crook. Couneoss of 3,050 jobs in the mining, logging and construction sector since May 2007. Corresponding to the high rates of unemployment in Central Oregon, Crook, Deschutes, and Jefferson Counties have the highest rates of bank card delinquency in Oregon with rates of 3.2%, 2.8%, and 3.4% respectively. Median home prices in the City of Bend in Deschutes County dropped about 29% between May 2008 and 2009, from \$305,000 to \$217,000.1 Building permits for new single-family detached homes in the Bend area, which ranged between 100 and 220 permits monthly from January 2005 to July 2006, have fallen to between 7 and 16 permits monthly in 2009, a signal that there is a significant imbalance between recently created supply and demand for homes in that area. In Jefferson County and Crook County, median home prices were \$95,000 and \$115,000 respectively in May 2009, compared to \$160,000 and \$207,000 after the first quarter in 2008. The counties had 15 to 22 months of single-family homes in inventory in May 2009. Jefferson County is also home to more Native Americans and Latinos than other parts of Central Oregon and the state. According to Economic Development of Central Oregon, Jefferson County had an approximately 69% white population, 16% American Indian population, and 20% Hispanic population in 2008, compared to roughly 94%, 1%, and 6% elsewhere in Central Oregon and 86%, 2%, and 10% in Oregon.2 Both Native American and Hispanic homeowners in Oregon have been shown to have disproportionately high rates of high cost loans according to the Federal Reserve Bank of San Francisco and Home Mortgage Disclosure Act data.

The census tracts included in the target areas in Washington County are located in the communities of Aloha, Sherwood, Cedar Hills, and Hillsboro, where rapid development and overbuilding have occurred in the last several years. For example, Sherwood has undergone the fastest growth among the county target areas, increasing its housing stock by 42% (approximately 1,890 units) from 2000 to 2007. Hillsboro built the most total units in the county target areas during that time, adding 7,618 units to its stock. Homes in subdivisions in these areas have tended to be large homes and many residents have either had high-cost loans, adjustable-rate mortgages, sub-prime loans, or hybrids that they could not sustain. During the first quarter of 2009, 90-day mortgage delinquency grew 1.6% over the previous four quarters.

Washington County's Consolidated Planning reported a significant increase in needed community services county-wide. The number of public service need statements submitted by service providers in the county rose from 92 in the 2005-2010 Consolidated Plan period to 174 for the 2010-2015 period, an increase of 90%. Although possibly influenced by differences in reporting methods between the two periods, the dollar value of need for public services rose from almost \$16 million to \$1.7 billion, an increase of over 10,000%.

Jackson County has also experienced rapid development and the current housing crisis is attributed in part to this "overbuilding" trend. The average number of home loan defaults in the county for April and May 2009 was approximately 44 per week.3 RealtyTrac reported 1,800 foreclosures in the county in June 2009, including approximately 880 in Medford, 290 in Central Point, and 180 in Eagle Point. The median estimated property value in the county in May 2009 was about \$201,000, a loss of 21% over the last year. The average foreclosure sales price was \$186,600. These values are similar to median home prices in 2004.4

In the fourth quarter of 2008, Medford ranked 208 out of 222 cities nationally for bridging the gap between housing prices and wages. The Housing Opportunity Index reported that only 62% of homes in the city qualify as affordable to residents making the area's median income. Medford's unemployment rate was the second highest for cities in the state after Bend.5 The number of bank card holders 60 days or more delinquent has increased nearly 0.4% over the past year to 2.15% in the first quarter of 2009. Unemployment in the Salem Metropolitan Statistical Area (MSA) of Marion County rose to 10.8% in April, significantly higher than the national rate of 8.9% and the national average MSA rate of 5.4%. The rapid increase in unemployment in the county is reflected in bank card 60-day delinquency rates, which increased to 2.44% in the first quarter of 2009. While Salem housing value increases were modest compared with other parts of the state between 2005 and 2008, these modest increases were largely wiped out by May 2009 with declines in Central Salem of 8% and 15% in West Salem. As these data show, rapid development and foreclosure activity in the proposed NSP2 target areas have negatively impacted home values. At the same time the corresponding high rates of unemployment, reflected in credit delinquency, has decreased the pool of potential purchasers that are needed to stabilize these neighborhoods. The Oregon Consortium aims to use neighborhood stabilization funds to open access to additional households by providing opportunities for lower income households to enter into both the homeownership and rental markets in these foreclosed properties.

Program Approach:

Entitlement agencies representing these counties, along with the Oregon Housing and Community Services Department (OHCS) (hereafter referred to as the Consortium) would use the funds for two primary activities: establishing financing mechanisms to assist low- and moderate-income families in the purchase of a foreclosed-upon homes (Activity A), and acquisition and rehabilitation of abandoned or foreclosed homes in order to sell, rent or redevelop them (Activity B). Activity A financing mechanisms to be employed include assistance with down payments, mortgage buy-downs, and closing costs for the purchase of homes, as well as low- or zero-interest mortgage loans, financial assistance with rehabilitation and repair costs, and financial training and education. Activities under Category B will include acquisition and rehabilitation or redevelopment of single-family homes, townhomes, and apartment complexes to make them available for rent or purchase by low-income families. In some cases, Consortium members propose to solicit non-profit organizations to undertake the purchase and rehabilitation of such properties. A portion of funds received by the Consortium will be used to expand existing efforts and programs. For example, Clackamas County proposes to use a portion of funding to expand its existing Homebuyer Program for foreclosed homes. This program provides down payment, closing cost, and rehabilitation assistance to home buyers with incomes below 120% of the Area Median Income (AMI). In addition, the county will partner with the Hacienda Community Development Corporation in order to expand homeownership opportunities to Latino families and other recent immigrants. The City of Bend proposes to use the majority of funding to partner with and expand existing organizations such as HousingWorks, NeighborImpact, Central Oregon Builders Association, and various Habitat for Humanity affiliates. In addition, they plan to partner with various non-profit organizations in the target areas to purchase

>foreclosed properties and develop rental housing for tenants whose incomes do not exceed 80% of the
>median income for that area. The City of Medford intends to partner with the Jackson County Housing
>Authority to acquire and redevelop a subdivision of foreclosed townhomes to provide rental and ownership
>options for families at or below 50% of the median income.
The Consortium's lead agency, Oregon Housing and Community Services Department (OHCS), proposes
>to use \$5 million of grant funds to support Governor Kulongoski's ten-year initiative to end homelessness
>in Oregon. OHCS will partner with the Oregon Department of Human Services (DHS) and work with
>organizations in the target areas to acquire and rehabilitate foreclosed homes (Activity B) in order to provide
>housing for homeless individuals and families. There are state funds available for this activity stemming
>from the state's recently passed Document Recording Fee; approximately 10% of the revenue generated by
>the fee is available for activities that address homelessness. OHCS anticipates that a portion of the state
>funds will be available to cover the projects' operating costs and NSP2 grant funds will be used for
>acquisition and rehabilitation activities.

>Propose market in the target areas in the following ways:

- >• Result in acquisition or rehabilitation and subsequent occupation of foreclosed and abandoned
>homes within the target areas, with a projected impact on approximately 340 – 360 homes.
- >• Occupation of these homes will help reduce vacancy rates and stabilize occupancy rates in the target
>areas.
- >• Target acquisition and rehabilitation to very low-, low-, and moderate-income residents. Assisting
>these residents will help improve their overall economic and social stability by providing them with
>safe, affordable housing opportunities and reducing their overall costs of living. These actions will
>help stabilize the economic and social fabric of the target areas.
- >• Address homelessness in the target areas through programs to be undertaken by OHCS in
>cooperation with other Consortium members and local communities. Addressing homelessness in
>these areas will reduce social service costs, improve economic opportunities, and address quality of
>life issues for people who are homeless or threatened with homelessness, as well as for the target
>areas in general.
- >• Improve the physical condition, appearance, and quality of housing to be rehabilitated in the target
>areas. Rehabilitation of a substantial number of housing units in the area will improve the overall
>appearance quality of the housing stock in the target areas which will in turn result in increased
>investment by other property owners. These changes will have short and long-term economic
>benefits for the target areas.

Improved stabilization of the neighborhoods based on the effects described above is expected to take place
>over the short- and long-term. Acquisition and rehabilitation efforts are expected to take between 18
>months and three years as described under Factor 3b. Initial positive impacts on neighborhood stabilization
>will occur during this time period. Because the proposed efforts also are intended to ensure continuing
>affordability of newly acquired or rehabilitated housing, these benefits are expected to be sustained over the
>long term. These efforts also are expected to result in a cycle of renewed private investment in these areas
>with long-term benefits.

Activities will be targeted to moderate- and low-income households through the following processes:

>Target below 120% AMI. All NSP2 funds received by the Consortium will be used to provide assistance for
>individuals and families with incomes below 120% of AMI. Consortium members will conduct marketing
>and outreach in order to reach this target population; they will also coordinate with other agencies that work
>with the target population in order to reach as many eligible persons as possible. They will use existing
>HUD eligibility criteria and procedures from existing locally administered programs to verify incomes for all
>persons applying for, and receiving, assistance.

Target below 80% AMI. Consortium members also intend to implement or expand programs that
>specifically target individuals and families with lower incomes, consistent with NSP2 grant requirement.
>For example, Clackamas County proposes to partner with the Clackamas County Land Trust to acquire and
>rehabilitate foreclosed properties in the target areas. The City of Medford intends to solicit non-profit agencies in the target areas in the Central
Oregon counties to purchase
>and redevelop properties to provide rental opportunities for tenants below 80% of AMI. The City and its
>local non-profit partners also intend to use a "ground lease" model to ensure long-term affordability of
>acquired or rehabilitated units.

Target below 50% AMI. OHCS has requested \$5 million in NSP2 funds that it proposes to use, in
>cooperation with non-profit organizations and other state agencies, for the purchase and rehabilitation of
>foreclosed homes in order to provide rental housing for homeless persons. In order to be eligible for this
>program, recipients' incomes must be below 50% of AMI. This program represents approximately 19% of
>total NSP2 funds requested (\$26.2 million) and, as such, comes close to fulfilling the requirement for
>benefits to persons below 50% AMI.

In addition, the City of Bend proposes to use \$2.25 million of NSP2 funds, which is one-quarter of the total
>amount requested to address Central Oregon target areas, to provide financial assistance and rental or home
>ownership opportunities to families below 50% AMI. Washington County has requested approximately
>\$2.5 million in NSP2 funds for the acquisition and rehabilitation of seven foreclosed homes. Four of those
>homes are intended to be used as rental properties for tenants below 50% of AMI. The remaining three
>homes may also be sold to new homebuyers below 50% of AMI if the homebuyers are financed by
>Willamette West Habitat for Humanity. Finally, the City of Medford has requested \$2 million in NSP2
>funds to acquire and redevelop a subdivision of foreclosed townhomes. The 81 townhomes are intended to
>provide rental and ownership opportunities to individuals and families below 50% of AMI.

>Together, these proposals total approximately \$11.25 million (assuming all seven Washington County
>homes) or around 43% of the \$26.2 million requested by the Consortium, which exceeds the HUD
>requirement.

The program will leverage significant funds from the State of Oregon and local partners, including:

- >• The state appropriates to OHCS approximately \$9 million per biennium to promote and finance the

>development of affordable housing. Up to \$100,000 will be available per project for developing
>affordable housing for the homeless. OHCS will evaluate the sub-grantee's needs for additional
>state funds to complete the acquisition and redevelopment projects.

- >• The Clackamas County Weatherization Program will provide an energy audit with pre- and posttesting
>for all NSP2 properties as well as energy-related upgrades and repairs. The total funding for
>this work is \$69,000 and will come from a variety of non-federal sources that are all administered
>and allocated by the state. Clackamas County is also receiving leverage for providing housing and
>services to individuals with developmental disabilities through the Edwards Center. State sources
>will provide operating costs at approximately \$27,500 per month or \$990,000 over three years.
- >• Willamette West Habitat for Humanity will pool contributions of approximately \$65,800 in donated
>materials and service, plus volunteer time to support program activities.
- >• The City of Bend will commit up to \$250,000 of Affordable Housing Fee Trust Funds annually for
>three years for this program.
- >• The Housing Authority of Jackson County is committed to covering up to \$1.2 million for the
>purchase and rehabilitation of approximately 81 townhomes.

>The program would be administered by the lead grant agency, the OHCS department. As an entitlement
>agency for funds through NSP1, OHCS is set up to draw down funds through the Disaster Recovery Grant
>Reporting System (DRGR). OHCS intends to manage grant funds awarded through NSP2 with the same
>approach as the DRGR funds. NSP2 funds will be processed in the following manner:

- >• Consortium members will request fund draw downs. Members must provide program activity,
>property address, dollar request and other necessary information to record properly in the online
>DRGR system.
- >• NSP2 program staff at OHCS will input draw request into database and enter activity information
>into the DRGR system.
- >• The Financial Management Division (FMD) will be electronically notified of draw request.
- >• The FMD will create and approve voucher in DRGR. Some FMD staff will only have the authority
>to create vouchers and others will only have the authority to approve vouchers in order to provide
>quality control.
- >• Funds will be disbursed to Consortium members for specific project activity.

>Performance monitoring also will be conducted by OHCS. On a quarterly basis, or more frequently when
>appropriate, OHCS staff will require reports from Consortium members related to NSP2 activities carried
>out for a specific period of time. The reports will include the type of NSP2-assisted activities, verification
>that program regulations, policies and procedures were followed, checklists and proper documentation was
>maintained. OHCS will track potentially unstable program elements and continue regular communication
>Neighborhood Stabilization Program 2 Application July 13, 2009

>The Oregon Consortium (Application Number: 308091515) Program Summary - Page 4
>with program managers to ensure that stability is restored and compliance with program requirements is
>maintained.

>Together, Consortium members have had substantial experience managing these types of neighborhood
>stabilization activities. The Consortium, in cooperation with other organizations, has successfully
>completed the following activities in the past 24 months:

- >• Provided financial assistance to low-income homebuyers resulting in the purchase of over 110
>homes.
- >• Provided grants and loan assistance to nearly 200 low-income households for needed home repairs
>and rehabilitation.
- >• Acquired and rehabilitated housing (both single-family homes and apartment complexes) to provide
>affordable housing for over 150 families.
- >• Planned and began construction of a 12-unit subdivision to provide home purchasing options for
>low- and moderate-income households.

>The Consortium is well qualified to receive and administer this grant award. Consortium members have a
>proven record delivering financial and rehabilitation assistance to low- and moderate-income households.
>The Consortium has carefully designed its proposed program to target areas of the state most heavily
>impacted by the housing crisis, to use grant proceeds in ways that will directly benefit households in need,
>and to use grant proceeds in areas where the investment of grant proceeds will have a significant impact in
>arresting neighborhood instability and accelerating recovery while also providing expanded housing choices
>for qualifying households.

NSP -2 Amendment # 1: On December 1, 2010, Oregon Housing and Community Services (OHCS) published the amendment inserted below. This amendment was published for 15 days (minimum publishing requirement for NSP-2 is 10 days). The amendment went into effect on Monday December, 20 2010.

Oregon Housing and Community Services (OHCS) and the Consortium Members are proposing to amend the Oregon Neighborhood Stabilization Program 2 (NSP-2) Action Plan. The proposed amendment will include the following changes to the NSP-2 Action Plan:

- The City of Salem will relinquish its allocation of \$67,613 in project funds and \$5,259 of administrative funds to be reallocated equally to The City of Bend, The City of Medford, Clackamas County and Washington County. Each of these four consortium members will receive and additional \$16,904 in project funds and \$1,314 in administrative funds as result of this proposed reallocation.

Current Allocation and Proposed Reallocation of NSP-2 Funds:

- o City of Bend current project funds, \$2,317,295; proposed change, \$2,334,199. Current administrative funds, \$180,234; proposed change, \$181,548.
- o Clackamas County current project funds, \$872,827; proposed change, \$889,731. Current administrative funds, \$67,887; proposed change, \$69,201.
- o City of Medford current project funds, \$774,481; proposed change \$791,385. Current administrative funds, \$60,237; proposed change, \$61,551.
- o City of Salem current project funds, \$67,613; proposed change, \$0.00. Current administrative funds \$5,259; proposed change, \$0.00.
- o Washington County current project funds, \$829,801; proposed change, \$846,705. Current administrative funds \$64,540; proposed

change, \$65,854

· OHCS and its Consortium Members may reallocate funds between budgets of activities in the Action Plan according to changes in needs and circumstances in their respective jurisdictions. If necessary, Consortium Members may reallocate funds from a current activity to a newly created activity. A consortium member may reallocate its own funds to any other eligible NSP Activity provided the sum for the budget of all activities does not exceed a consortium member's proposed budget as listed in the table above.

· This amendment shall also provide clarification to the general administration and implementation of NSP-2 as follows:

o NSP-2 administration shall follow all OHCS guidance and regulations as adopted in the NSP-1 Substantial Amendment as amended with the exception that that reallocation of funds methodology described in NSP-1 Amendment Number 2 shall not apply to NSP-2. Further, the NSP-2 eligible target areas shall remain as defined in the NSP-2 application for funding.

NSP-2 Amendment # 2: On January 26, 2011 OHCS published the second amendment to NSP-2 to expand the target area in the City of Medford. The end of the comment period was February 7, 2011. The amendment request was rejected by HUD due to the inability to retain a target area needs score of 18 or above.

Consortium Members:

Oregon Housing and Community Services (OHCS) the lead, Clackamas County, City of Medford for Jackson County, City of Bend for Deschutes County, City of Salem for Marion County, and Washington County.

Overall Progress Narrative:

Overall Narrative for First Quarter of 2011: 1-1-11 to 3-31-11

Activities and Progress by Lead Consortium Member and Program Administrator: Oregon Housing and Community Services (OHCS) as the lead member of the NSP 2 consortium continues to conduct required administrative tasks including: 1) processing reimbursements for consortium members; 2) entering environmental reviews in the Recovery Act Management and Performance System (RAMPS); 3) preparation and submittal of the American Recovery and Reinvestment Act (ARRA) quarterly report to federal reporting; 4) managing the program budget, activities and applicable narratives into DRGR; and 5) providing ongoing technical assistance to consortium members and the general public.

Summary of Activities Consortium Member:

City of Bend: The City of Bend is on track to complete 80 units under three program activities. Under Activity A, Financing Mechanisms the City has closed six down payment assistance loans for low income (LH25 &ndash households earning less than 50% of the area median income &ndash AMI) borrowers and 40 down payment assistance loans for low moderate middle income borrowers (LMMI &ndash households earning less than 120% of the area median income). Under Activity B, Purchase-Rehabilitation, the City has closed two loans for Habitat for Humanity for LH25 households and obligated a third loan for Central Oregon Veterans Outreach for a rental property for and LH25 household. The City has obligated funds for 11 more LMMI down payment assistance loans. Under Activity E, redevelopment the city has funded the acquisition of 20 foreclosed subdivision lots wherein a local non-profit will build 10 units of LMMI housing and local affiliates of Habitat for Humanity will build another 10 homes for low income homeowners. At \$31,400 per unit, the City has been the most successful Consortium member at producing the most units with the least amount of NSP subsidy.

City of Medford: The City of Medford is on track to complete 15 single family housing units under three program activities. Under Activity A, Financing Mechanisms the City has closed three down payment assistance loans for LMMI borrowers. The City has obligated and is prepared close a loan for \$516,320 for the local housing authority to purchase six relatively new condominiums for permanent support housing for LH25 households. Under Activity E, redevelopment, the city has funded the acquisition of 6 foreclosed subdivision lots wherein a local affiliate of Habitat for Humanity will build another 6 homes for LH25 homebuyers.

City of Salem Representing Marion County: The City of Salem has forfeited its NSP allocation of about \$70,000 to other members of the Consortium. The reason for this forfeiture is that their funding allocation was too small to have a neighborhood impact. The funds were evenly divided and reallocated to the Cities of Bend and Medford and the

Counties of Clackamas and Washington.

Clackamas Count: In the first quarter of 2kamas County reprogrammed its NSP funds to provided 13 down payment assistance loans to LMMI households under Activity A, Financing Mechanisms. The County will award the balance of its funds to the Clackamas Community Land Trust (CCLT) for Activity B, the acquisition and rehabilitation of one single family home. Even with a large inventory of forecloses, housing prices in Clackamas County are relatively high compared to other jurisdictions in the State except for Washington and Multnomah Counties. These three counties comprise a vast majority of the Portland Metropolitan population where housing prices are always higher than the rest of the state.

Washington County: In the first quarter of 2011 Washington County expended almost all of its NSP allocation of funds. To date, under Activity A Financing Mechanisms, the County has completed or closed four down payment assistance loans for LMMI households. Under Activity B, Purchase-Rehabilitation, the County has closed three loans with non-profits who provide LH25 rental housing and one loan to Habitat for Humanity that will provide a homeownership opportunity to one LH25 household. The County may have enough funds in its program budget to maybe close one Activity A loan but it depends on the amount of funds needed to close the gap on one more transaction.

Oregon Housing and Community Services (OHCS): OHCS as the lead member of the Consortium has been administering a program under Activity B, Purchase-Rehabilitation to provide permanent supportive housing for homeless persons. To date, OHCS has funded 10 units total that includes two separate four-plexes and one duplex. OHCS expects to fund about 10 more units under this activity. OHCS has capitalized this component of the program with \$1,284,655 in NSP funds and about \$2,000,000 of its own homeless funding. OHCS funding may be used for either capital costs of supportive services.

Other Program Updates and Activities During the First Quarter of 2011:

- In January OHCS applied for an amendment to the NSP-2 target area in the City of Medford in an effort to add one parcel that was owned by a bank that owned a related parcel within the target area. The amendment was denied however, OHCS was able fund the project with its own funds since the properties have separate and distinct legal descriptions.

- In February of 2011 the Oregon NSP-2 program was audited by the HUD Office of the Inspector General (OIG) and there were no Findings. The report is public and may be reviewed on the HUD website at www.hud.gov search for OIG and audit reports to view the Oregon audit.

Overall, the Oregon NSP 2 Consortium is on track to complete about 135 units under by the program expiration date of February 11, 2013. A majority of the units will be completed and occupied during 2011. The remaining units which consist primarily of Activity E new construction units are on track to be completed by the program expiration date. Although the program expiration date is two years away, OHCS expects that most of its consortium members will expend all of their NSP funds in this calendar year and meet the national objective requirements. Oregon is also on track to spend over 45% of it&rsquo NSP funds on the LH25 activities (e.g. low income rental or ownership housing) well above the minimum requirement of 25% of its funding for this targeted national objective. Also note that Oregon&rsquo total unit target was 102 and its now clear this target will be easily reached probably during the 2011 calendar year.

Project Summary

Project #, Project Title	This Report Period	To Date

Location Description:

Activity Progress Narrative:

This Activity involves the provision downpayment assistance to low income homebuyers (e.g. those earning less than 50% of the area median household income - AMI) under NSP eligible use Financing Mechanisms (aka Activity A). The City of Bend successfully completed this activity in the first quarter of 2011 by closing the last three loans for low income households. The other three loans were closed in the fourth quarter of 2010. The activity leaves a small balance of funds that will reprogrammed to another activity.

Oregon Housing and Community Services (OHCS) has been unable to update Performance Measure Date in DRGR for this activity. It should be noted that to date 6 housing units have been assisted under this activity. Within the population of these 6 housing units, 5 of head of households are White and one is Black/African American, and 5 are female.

Activity Description:

City of Bend housing staff will administer Activity A, Financing Mechanisms throughout Deschutes, Jefferson & Crook Counties in central Oregon. City staff will: 1) design program guidelines for down payment, closing cost and mortgage reduction assistance; 2) recruit and train first mortgage lenders; 3) market the program; 4) accept applications for NSP assistance; and 5) work with local lenders to process NSP assisted loans. The project plans to serve 40 households.

Location Description:

Central Oregon counties of Deschutes, Jefferson & Crook. 1-FM-BEND-LMMI

Activity Progress Narrative:

This activity (aka Activity A) includes down payment assistance to low moderate and middle income homebuyers (LMMI). The City closed 25 of these loans in the first quarter of 2011. To date, the City has closed 39 loans under this activity. The City has been very successful in marketing the program and is ahead of schedule on completing the program. Also note that the City has been able to keep the average subsidy to around \$31,000 a unit which is the lowest among all all consortium members. Oregon Housing and Community Services (OHCS) has been unable to update Performance Measure Date in DRGR for this activity. It should be noted that to date 39 housing units have been assisted under this activity. Within the population of these 39 housing units, 38 of head of households are White and one is Black/African American, and 18 are female.

Activity Description:

City of Bend housing staff will administer Activity B, Purchase Rehabilitation within eligible census tracts in the central Oregon Counties of Deschutes, Jefferson and Crook . City staff with the assistance of Oregon Housing and Community Services will: 1) design program guidelines for purchase and rehabilitation; 2) solicit and select via an RFP process non-profit developers to implement Activity B; 3) market the program to non-profit housing providers seeking shelter for low income persons; 4) work with selected non-profit developers to ensure NSP compliance and timely expenditure of funds; and 5) place low income persons or families in NSP assisted properties. The project plans to serve 5 LH households.

Location Description:

Scattered sites throughout Deschutes, Jefferson and Crook Countie in Oregon. 2-PR-BEND-LH

Activity Progress Narrative:

This activity involves the City of Bend providing NSP funds to Bend Area Habitat for Humanity (BAHFH) for the acquisition of two existing single family homes within the NSP-2 target area (aka Activity B). BAHFH purchased one home in the fourth quarter of 2010 and the second home in the first quarter of 2011. BAHFH will complete any necessary rehabilitation to these properties within the next two quarters and plans to get them sold by the end of the third quarter. Note that chapters of Habitat may require more time than other developers to get homes rehabilitated and sold given they use volunteers, donated materials and have a process for approving families who purchase the homes. However, to their credit, Habitat is the most successful organization in the state in providing low income home ownership.

Location Description:

Activity Progress Narrative:

Clackamas County (the "County") revised its NSP-2 budget in the first quarter of 2011 to include at least one project under Activity B, acquisition/rehabilitation. The County is working with the Clackamas Community Land Trust (CCLT) and plans to obligate \$239,731 for the acquisition and rehabilitation of one single family home. CCLT will acquire the home in the second quarter of 2011 and is expected to complete rehabilitation and the subsequent sale of the home by the end of the third quarter in 2011.

Activity Description:

City of Medford and Jackson County Housing Authority staff will administer Activity B, Purchase Rehabilitation within eligible census tracts in Jackson County. City & Housing Authority staff with the assistance of Oregon Housing and Community Services will: 1) design program guidelines for purchase and rehabilitation; 2) solicit and select via an RFP process non-profit developers to implement Activity B; 3) market the program to non-profit housing providers seeking shelter for low income persons; 4) work with selected non-profit developers to ensure NSP compliance and timely expenditure of funds; and 5) place low income persons or families in NSP assisted properties. The project plans to serve 26 LH households.

Location Description:

Jackson County Oregon.

Activity Progress Narrative:

The City of Medford has budgeted \$516,320.60 for this activity, purchase-rehabilitation under NSP Activity B. The City has entered into a developer agreement with the Housing Authority of Jackson County (HAJC) to purchase six housing units for permanent supportive housing (PSH) for homeless persons. The project is scheduled to close in April of 2011. The project is not anticipated to need very much rehabilitation since the units are less than five years old. This project is in a prime location for supportive housing given its proximity to transportation, employment and public services.

Activity Description:

Oregon Housing and Community Services (OHCS) staff will post a Request for Proposals (RFP) soliciting non-profit housing developers to acquire foreclose properties for the purpose of providing permanent supportive housing for homeless persons. Oregon Housing and Community Services will: 1) design program guidelines for purchase and rehabilitation; 2) solicit and select via an RFP process non-profit developers to implement Activity B; 3) market the program to non-profit housing providers seeking shelter for low income persons; 4) work with selected non-profit developers to ensure NSP compliance and timely expenditure of funds; and 5) place low income persons or families in NSP assisted properties. The project plans to serve 10 LH homeless households.

Location Description:

Project could be located in any of the NSP 2 eligible areas within the State of Oregon including Washington, Clackamas, Jackson, Marion, Deschutes, Jefferson or Crook Counties. Location is dependent up on the outcome of the RFP described in Activity Description.

Activity Progress Narrative:

Oregon Housing and Community Services (OHCS) has budgeted \$1,284,655 for Activity B, purchase/rehabilitation for permanent supportive housing (PSH) for homeless persons. OHCS issued a request for applications in September of 2010 and has been accepting applications from developers since that time. To date \$435,960.53 in NSP funds have been expended for six housing units. A total of \$673,853.00 in NSP funds have been obligated to date. The Central Oregon Regional Housing Authority dba Housing works has purchased one four-plex and one duplex for a total of six PSH units. The Central Oregon Veterans Outreach (COVO) has purchased a four-plex for PSH. All six units are under rehabilitation and are scheduled to be completed and ready for occupancy by at least the fourth quarter of 2011 if not sooner.

Washington County Oregon:

Habitat to sell 1 SF unit to Low-Income family

Housing Authority of Washington County to rent 1 SF unit to Low-Income family

Bienestar to rent 1 SF unit to Low-Income family

Community Partners for Affordable housing to rent 1 SF unit to Low-Income family

Activity Progress Narrative:

Washington County (the "County") has budgeted \$684,340.76 for acquisition and rehabilitation under this Activity (Activity B). To date the County has expended \$666,561.73 for four single family housing units. The local housing authority and two are non-profits have each purchased one housing unit to own, lease and manage as low income housing (household earning less than 50% of the area median income - AMI). All three units are currently undergoing rehabilitation and should be occupied by income qualified households by the end of the third quarter of 2011. The fourth housing unit has been purchased by a local chapter of Habitat for Humanity for sale to a low income household. This unit is also undergoing rehabilitation and should be occupied by an income qualified household by the end of the third quarter of 2011.

Juniper Lane Subdivision, Redmond - 5 lots - Habitat for Humanity

Location Description:

Activity Progress Narrative:

The City of Bend has closed on two separate project under this activity, Redevelopment or Activity E. Both projects involve local area chapters of Habitat for Humanity that have purchased foreclosed subdivision lots for the construction of new single family homes for low income households (e.g. households earning less than 50% of the area median income - AMI).

The first project is being implemented by Sisters Habitat for Humanity who expended \$149,700.50 in NSP funds for 5 single family lots in the 1st quarter 2011. Sisters Habitat will build the new homes over the next two years and sell them to low income households prior to the February 11, 2013 NSP deadline for meeting the program's national objective.

The second project is being implemented by Redmond Habitat for Humanity who expended \$80,000 of NSP funds in the fourth quarter of 2010 to purchase 5 single family lots. Redmond Habitat will build the new homes over the next two years and sell them to low income households prior to the February 11, 2013 NSP deadline for meeting the program's national objective.

As with most Activity E Redevelopment projects, it will take the full two years remaining in the grant contract period to complete construction of and subsequent occupancy of the proposed single family homes.

Shady Pines Subdivision - 10 lots - Building Partners for Affordable Housing

Location Description:

Activity Progress Narrative:

The City of Bend has budgeted \$252,678 for this activity to acquire and build new homes on 10 foreclosed single family residential lots (i.e. Activity E). Building Partners for Affordable Housing (BPAH) will implement the activity and to date has expended the balance of funds to purchase the lots. The new homes will be sold to low moderate and middle income households of those earning less than 120% of the area median income. The project is expected to take at least two years to be completed.

Activity Description:

The City of Medford has awarded \$180,000 in NSP funds to Rogue Valley Habitat For Humanity (RVHFH) to purchase 6 lots in a foreclosed subdivision. RVHFH will build six single family homes for low income homebuyers.

Location Description:

City of Medford.

Activity Progress Narrative:

The City of Medford has entered into a subgrantee agreement with Rogue Valley Habitat for Humanity (RVHFH) to purchase six foreclosed subdivision lots under Activity E, redevelopment. The City should officially obligate and expend the funds in the second quarter of 2011. RVHFH will build six single family homes for low income home ownership (households earning less than 50% of the area median income).

State wide NSP 2 eligible areas including the counties of Washington, Clackamas, Marion, Jackson, Deschutes, Jefferson and Crook.

Activity Progress Narrative:

This activity includes the administrative expenses necessary for Oregon Housing and Community Services (OHCS) to operate the program as the lead member of the NSP-2 Consortium and to implement its NSP-2 program for the acquisition of permanent supportive housing for homeless persons.

General administrative activities include monitoring compliance, processing draw requests, management of the Disaster Recovery and Grant Management (DRGR) system, HUD reporting and ensuring funds are expended in timely manner and for eligible purposes within the eligible target areas.

The second category of administration is the process of issuing a request for applications to qualified affordable housing developers that compete for NSP funding awards to acquire, rehabilitate, own and lease permanent supportive housing for homeless persons.

Activity Description:

Oregon Housing and Community Services staff will provide policy and program guidance to the Washington County who will administer the program for Washington County. Administrative activities will include standard Subrecipient type tasks such as ensuring program compliance, monitoring, reporting and financial management duties.

Location Description:

Washington County Oregon.

Activity Progress Narrative:

This activity includes the general administration of NSP-2 funds. All members of the consortium are responsible for establishing local program guidelines, establishing activity budgets, marketing the program to the general public and implementation of NSP activities including: 1) Activity A, homebuyer financial assistance; 2) Activity B, acquisition & rehabilitation; or 3) Activity E, redevelopment of foreclosed subdivision land. Each member must manage program funds according to CDBG, applicable HOME and NSP regulations. Oregon Housing and Community Services (OHCS) has overall administrative responsibility as noted under Activity # 6-OREGON-ADMIN.

Washington County has drawn \$23,691.19 in administrative funds in the 1st quarter 2011 and \$28,249.22 in the fourth quarter of 2010 for a total of \$51,940.41 in administrative funds to date.
