

HOMEBUYER EDUCATION

Homebuying classes help first-time homebuyers learn the basics about the home buying process. They are taught in a classroom setting by experienced professionals who specialize in helping first-time homebuyers.

Class participants learn the lingo and leave the class better prepared to successfully complete the homebuying process.

OHCS approved classes include “The ABC’s of Homebuying, and “Realizing the American Dream”. Both of these classes include the following topics:

- Housing Decisions
- Financial Preparation
- Shopping for a Home
- Mortgages
- Closing
- Maintaining Your Investments
